2016 CAMP CREW QUALIFICATIONS

Central Utah Interagency Fire camp crew has been established as a successful program since its inception 14 years ago. These camp crews are made up of young adults ranging in age from 16 + years old and are from the surrounding communities/counties of Richfield, UT. These crews are casual hire (i.e. call when needed) personnel sponsored by the Bureau of Land Management (BLM) on behalf of the Central Utah Interagency Fire Zone, and dispatched by the Richfield Interagency Fire Center. Applicants will be notified by mail on their acceptance for the crews.

Our crews have responded to and have helped with the logistics of fire management throughout the state of Utah and the western U.S. The crews are responsible for completing multiple manual labor tasks in a fire camp setting, provide assistance to fire management teams/personnel during the fire season with the logistics of camp-set up and maintenance.

This year we hope to sponsor up to 13 crews for the 2016 fire season. Numbers maybe limited for these selected for crews. Each crew will generally consist of 1 Crew Boss, 2 Crew Boss Trainees and 8 crew members, to form a unified crew. Crew members will be assigned to a permanent crew for the season and will know when their crew is on rotation by using the RIFC Web page to follow rotations. These crews will be mobilized on a school bus to and from the fire assignments. We are looking for students that are interested in a call when needed summer job that will provide an environment to learn various life skills; like the value of hard work and team work with others.

Listed below are the qualification requirements for the positions available for the Central Utah Interagency Fire camp crews. Application process will be from **Feb 8th to March 11th, 2016** with applications to be returned to:

Richfield Interagency Fire Center
1830 South Industrial Park Road
Richfield, UT 84701
